

**A Baltimore Fair Elections Fund will:**

- **Keep big money out.** Participating candidates cannot take giant checks from lobbyists, corporations, or PACs.
- **Give everyone a voice** so all Baltimoreans, regardless of race, gender, or income have equal opportunity to participate in elections.
- **Expand opportunities to run for office** so people from all backgrounds can run for office on the strength of their ideas, not access to money.
- **Encourage more participation in our elections** by providing limited matching funds for small campaign contributions.
